**PARENT COMMITMENT & CONSENT –**

I give my child(ren) permission to participate in the FUUFHC *Elementary Our Whole Lives: Sexuality Education* program. I understand that the program includes age-appropriate sexuality education materials. I have been offered the opportunity to view these materials. I will attend the Parent/Child Welcome Workshop. I will do my best to read and discuss each week's topics, stories, and HomeLinks, which have been provided to me at the start of the program. Becoming responsible partners in sexuality education requires leaders and parents to create a safe and healthy environment of trust and respect. *Our Whole Lives* leaders agree to abide by FUUFHC's code of ethics and Safe Congregation Policy, which includes New Jersey's mandate to report suspected cases of abuse/neglect. I understand that appropriate feedback will be provided to me by the FUUFHC Safety Response Team should the need arise.
